Subject	Level	Study Mode	Duration	Start Date
Construction	Level 2	Full-Time	1 year	September 2027

The Course

This qualification will enable you to further develop your bricklaying skills. It will provide you with the opportunity to develop your knowledge and skills, including health and safety and environmental issues relating to construction.

What You Will Study

- Exploring health, safety and welfare in construction
- Construction drawing techniques
- Set out masonry structures
- Erect masonry structures
- Sustainability in the construction industry
- English and Maths (if not achieved at grade 4)

Entry Requirements

You will need to complete the Level 1 Bricklaying qualification before commencing this course.

Work Experience

Work experience forms a large part of the study programme. You will need to complete over 300 hours off-site work experience. You will be expected to secure this prior to commencing the course if possible.

Clothing, Equipment and Additional Costs

- Warm clothing and hard-wearing trousers for outdoor/workshop practicals
- Hard hat
- Steel toe capped boots
- Hi-vis bib (optional)

Progression

You will have a range of further study options, including the Level 3 Diploma in Bricklaying or one of our plastering courses.

Careers

Work as a qualified bricklayer, with the potential to develop your career across the wider construction industry in roles such as site foreman, building supervisor, building control officer, construction plant operator and many more.
